

# Alkaline Greens

Alkaline superfood aiding in digestion & detox\*

Did you know that acidity is the root cause of many ailments that may become chronic issues? Eating a more alkaline diet can help alleviate acidity in our gut, which is typically caused by the processed, sugary foods that make up modern diets. Taking Organiccs Greens is a great way to encourage a more alkaline pH balance in our body to minimize acidity and help our digestive system absorb MORE nutrients that we need! A synergistic blend of alkaline superfoods, Organiccs Greens are a great supplement for your everyday patient.
